**Govt rejects claims on new SC branches**

NEW DELHI : The government has rejected claims that it has decided to expand the "branches" of the Supreme Court to three more locations. The Press Information Bureau 'fact check' tweeted on Tuesday that the claim was "fake". "A forwarded message is being shared on WhatsApp claiming that the government has decided to expand the branches of the Supreme Court of India to three more locations. This claim is fake," the tweet said. It said "no such decision" has been taken by the government. The government has on multiple occasions informed Parliament that the idea of opening a separate bench of the apex court outside Delhi has not found favour with the Supreme Court. In a written reply to a question in Lok Sabha in September last year, the then Law Minister Ravi Shankar Prasad had said representations were received from time to time from various quarters for setting up of Supreme Court benches in various parts of the country. "The Law Commission, in its 229th report, had also suggested that a Constitution Bench be set up at Delhi and four cassation benches be set up in the northern region at Delhi, the southern region at Chennai/Hyderabad, the eastern region at Kolkata and the western region at Mumbai. "The idea of a separate Bench of Supreme Court outside Delhi has not found favour with the Supreme Court of India," he

**Kerala received 60 pc more vaccine doses than proposed: Centre**

KOCHI : The Central Government informed the Kerala High Court on Wednesday that the Centre has provided the state with 60 per cent more vaccine doses than the proposed allocation. The statement was filed after the High Court sought a reply from the Union

Government in a plea, filed by petitioners KP Aravindan and Dr Praveen G Pai, challenging the Liberalized Pricing and Accelerated National Covid-19 Vaccination Strategy. The Centre said, "It supplied adequate doses of COVID vaccines to Kerala under the

National COVID-19 Vaccination programme. Vaccines were supplied to States and Union Territories on a proportional basis of the eligible population, the progress of vaccination, and vaccine wastage."

Assistant Solicitor General P Vijayakumar, appearing for the Union Government, said in the submission, "As per the vaccine allocation for July 2021, the State was entitled to the allocation of 39,02,580 vaccine doses. However, it was supplied with 61,36,720 doses last month according to the report. This is 60% more than the proposed allocation for the State." The Assistant Solicitor General said, "The Centre has provided enhanced supplies to the state in terms of vaccine."

According to a report submitted by the UT government, two persons from outside J&K have purchased two properties in Jammu and Kashmir since August 2019, the minister said.

Responding to a question as to "whether any hardship or impediments are being faced by the government and people of other states while buying properties in Jammu and Kashmir", the minister said that no such instance

**Parliament passes bill to provide greater private participation in public sector insurance companies**

NEW DELHI : Parliament on Wednesday passed a bill to provide greater private participation in the public sector insurance companies.

The General Insurance Business (Nationalisation) Amendment Bill, 2021 was passed by Rajya Sabha on Wednesday amid vociferous protests by the opposition parties who demanded that the bill should be referred to a select committee of the House. The bill had been passed by Lok Sabha on August 3. The bill was moved for consideration and passing by Finance Minister Nirmala Sitharaman. Protesting opposition members came to the well of the House and some of them were seen tearing papers.

They accused the government of not following parliamentary norms and "bulldozing" the legislation.

The Insurance Business (Nationalisation) Amendment Bill was taken up after the upper House unanimously passed the constitution amendment bill to enable states to prepare their own OBC lists.

The bill seeks to amend General Insurance Business (Nationalisation) Act, 1972 to "provide for greater private participation in the public sector insurance companies".

It seeks to enhance insurance penetration and social protection and "better secure the interests of policyholders and contribute to faster growth of the economy".

**8 Maha historical sites figure on 'Fit India Freedom Run 2.0'**

MUMBAI : At least 8 renowned historical locations in Maharashtra shall figure on the much-anticipated 'Fit India Freedom Run 2.0' as part of the Azadi Ka Amrit Mahotsav, or the Platinum anniversary of India's Independence, officials said on Wednesday.

Union Youth Affairs and Sports Minister Anurag Thakur will flag off the nationwide programmes which will be held in 75 villages and 75 districts each week till October 2, 2021, covering all 744 districts in the next six weeks.

In Maharashtra, the top freedom movement related

sites to figure include Mumbai's historic August Kranti Maidan where the Indian National Congress organised its session and Mahatma Gandhi gave the clarion call to the British rulers to 'Quit India' on August 9, 1942.

Besides, there is the famed Aga Khan Palace in Pune, the Sevagram Ashram in Wardha, the Sitabuldi Fort in Nagpur, Lokmanya Bal Gangadhar Tilak's birthplace in Ratnagiri, and places in Akola, Gondia, and Chandrapur. Similar Freedom Runs shall be held in Ahmednagar.

**Hospitality sector sore as Centre stalling Rs 60K cr package**

MUMBAI : The country's apex hospitality body, the Federation of Hotel & Restaurant Associations of India (FHRAI) has expressed disappointment that a Rs 60,000 crore package announced in June by Union Finance Minister Nirmala Sitharaman has yet to be notified by the Centre.

In a representation to Sitharaman, the FHRAI has sought her intervention to set in motion the Rs 60,000 crore sanctioned under the 'Loan Guarantee Scheme' for Covid-hit sectors, as announced by her on June 28, said FHRAI Vice President Gurbaxish Singh Kohli.

"Over a month has passed but it is not notified, neither the operational guidelines nor other details have been revealed by the Finance Ministry. However, a similar scheme for the health sector

has already been notified and necessary guidelines have been announced," he said. Kohli said the hospitality sector is among the worst-hit by the Covid-19 pandemic and lockdowns, and the severest restrictions and protocols have led to massive losses piling up in the past 16 months.

The second wave has vir-

tually destroyed the entire hospitality eco-system which would take years to recover and hence it was imperative for Sitharaman to immediately notify the Rs 60,000 crore scheme with 100 per cent government guarantee and long-term repayment options.

"It can address the colossal damage suffered by the

tourism and hospitality sector. But the government's negligence really compels us to doubt the seriousness in its approach towards the industry's hardships," Kohli rued.

Additionally, the industry is concerned about members complaining from different parts of the country how banks and financial institutions are not processing applications for loans under the ECLGS.0 and for loan restructuring.

"The banks and NBFCs are taking advantage of the ceiling limits of the RBI and are not ready to extend any concessions to the deeply distressed MSMEs. They are unmindful of the fact that loans under ECLGS are fully guaranteed by the Centre and the banks/NBFCs lose nothing if they provide loans at concessional interest rates to the customers," Kohli said.
